Monday

1. Place 2 of the children’s favorite rhymes on the chalkboard, and review them with the children. Tell them that we will be learning a new rhyme.

2. “An Apple Pie” is found in some, but not all, nursery rhyme collections. Though it lacks a recognized history, it does provide very good support for the -ice phonogram.

3. Introduce the "An Apple Pie" poster to the children. Begin as we usually do, having the children look first at the picture. Ask the children to tell you what they think has happened in this picture [the mother has baked a pie and the boy is waiting to eat it]. Explain that you will read the rhyme to see if their prediction is correct. Be sure to run your fingers under the words as you read them.

4. Talk with the children about times they may have had apple pie. Have they ever asked for another slice? Have they ever watched someone cut a pie into slices? Then, chant “An apple pie" again, running your fingers under the words as you sing or chant. Work with the children to teach them the rhyme, encouraging them to join in.

5. This Monday, we are continuing our new follow-up activity. At the end of this file, you will find word cards that feature the "ice" rhyme -- nice, slice and twice. Cut out the cards. First, show the children the word nice. Then, match the word card to the word in the nursery rhyme. Repeat this process with slice and twice.

6. Next, hand one child the word card for nice. Then, cut the n off of nice; hand the n to one child and the ice to another child. Repeat this process, cutting the tw off of twice, and the sl off of slice. You should now have six children standing. First, put the three who are holding the ice pieces near each other, and ask the children if they notice anything special about these three cards. (they have the same letters). Explain that these letters make the ice sound that we heard in our nursery rhyme. Then, have the child holding the "n" piece stand near one; read the word for the children. Repeat this with the "sl" and the "tw". Discuss how, since the three "ice" cards are the same, we can make the words by putting the "n", the "tw", or the "sl" in front of any of them. Then, collect the pieces from the children.

7. Finish your lesson by returning to "An Apple Pie". Distribute the hole-punched copies of the rhyming card for "An Apple Pie" to be placed in children’s My Very Own Nursery Rhyme Collection folders at home.
**Tuesday**

1. Begin by putting the "An Apple Pie" poster back on the blackboard, and chant the rhyme.

2. Remind the children that Tuesday is "acting" day. You will need 2 children for each performance, one to be the mother and the other to be the speaking child. The performance begins with the mother picking up her potholders and taking the pie out of the oven. The child sniffs and sniffs, following the mother (and the pie) to the counter in the kitchen.

3. The chanting for "An Apple Pie" works begins with the entire class saying the rhyme. When they reach the lines, "Pray, Mamma, cut a large slice", they stop, and the child in the play says these lines by him or herself. You might want to alternate the whole class speaking with just the girls or just the boys. As we have been doing, tape record the children’s choral performances of the nursery rhyme for use in your classroom listening center. Be sure that you have a copy of the nursery rhyme to keep with the tape.

4. You might like to continue having children stand for each word of the rhyme. You can have each child stand, and if you run out of children, you can have the standing children sit (one at a time) as you all continue speaking a word at a time of the nursery rhyme. Remember that an activity like this helps children understand that words can be separated (segmented) from a stream of speech.

5. Special words in this week’s chanting are scarcely, prevent, asking, Mamma - all are 2 syllable words. Remember that you can demonstrate that although the word has 2 syllables (demonstrate with two claps), it is only one word.

6. Finish this lesson with your cloze activity. Use the following lines in particular:
   - So, to prevent my asking ____;
   - Pray, Mamma, cut a large ____.
**Wednesday**

1. Begin by putting the "An Apple Pie" poster on the blackboard, then run your fingers under the words as you chant the rhyme. Repeat the cloze activity from Tuesday, having children fill in the missing words.

2. Remind the children that nice, slice, and twice rhyme, and that we are going to learn some other words that rhyme. Introduce these pictures from the picture card set: dice, ice, lice, mice, nice, price, rice, slice, and spice. (There are other pictures you may include as well.) Be sure to explain to the children what the word and picture mean. Some words, such as concrete may be new for the children. As usual, take the time to talk about the pictures, relating them to what your children have seen and know. Always remember, if there is a picture that you feel is unsuitable for your particular classroom, you can eliminate this picture from the set.

3. Many of these words can be pantomimed or acted out. For instance, you can ask the children to check a "price" or to measure a "spice".

4. Remind children we have been sorting by rhyming sounds. This week, we’ll be contrasting ice with eat. Use the following pictures: nice, ice, slice, rice and eat, beat, feet, street. Call the children’s attention to the words "nice" and "slice" in the nursery rhyme poster. Then, tape the picture for ice at the top of one column and the picture for eat at the top of the other. Place all other pictures in the chalk tray, saying each one’s name.

5. Remind the children that when words end the same we say that they rhyme.

6. Call children one at a time to take a picture and decide if it ends the same as ice or eat. Keep in mind that some children are still working to hear and understand "rhyming" and "same-ness". If a child is hesitant, go ahead and support him or her with the task.

7. Finish today’s lesson by chanting "An Apple Pie". You may choose to chant it as the "standing up" version we used yesterday, with the children in a circle, standing one at a time for each word of the rhyme.
Thursday

1. Select 5 or 6 of the downloadable riddle cards that you think are best suited for your students.
2. Begin by putting the "An Apple Pie" poster back on the blackboard. Ask children to chant the rhyme, allowing 2 or 3 at a time to chant or sing the rhyme for the class.
3. Set the pictures from the picture card set on the chalk tray. Tell the children that today we will be guessing the answers to some riddles. The answer to the riddle will be one of the pictures we looked at yesterday.
4. Put the riddle cards on the board one at a time. Read the riddle, then help your students decide which picture best answers the riddle. Tape the picture at the bottom of the riddle card. You read the riddle, letting the children fill in the missing word, completing the rhyme by saying the name of the picture.
5. Finish the lesson with the cloze activity you did on Tuesday, having the children supply the missing word at the end of each line of the rhyme.

Friday

1. Remind the children of the various activities you’ve done this week, and tell them that this is Children’s Choice day. Display 3 different rhyme posters -- An Apple Pie, Tom, Tom, the Piper’s Son, and One, Two, Three, Four.
2. We are continuing with the individual or small group performance option on Children’s Choice day, when children who are ready to recite a rhyme alone or with a friend can add their name(s) to the Choice list. Because being able to recite the rhymes will ultimately help children with their understandings of "text", we hope that, by the end of the year, all children will be able to successfully recite four to five of the rhymes we are learning. Continue encouraging those children who have never volunteered to consider reciting with someone who has volunteered several times. Let the children decide which rhymes they would like to act out, to chant, to sort pictures for, or to do the riddle rhymes for.
3. Record the children’s choices on the board using the written list as the order to follow. Then complete the activities. Crossing them out as you complete them will give children a chance to think of how we use print to remind us of things.
4. We are continuing to sing the alphabet song every Friday. Place your alphabet card (see Dr. Seuss’s ABC in the A-Book-A-Week section) on the board, encouraging children to point to the letters as they sing the alphabet song.
5. Finish by chanting "An Apple Pie" All children may pretend to be the child, sniffing the pie and following the mother.
6. Remind children to look at their My Very Own Nursery Rhyme Collections with their families over the weekend.
If you're thinking of making an apple pie to go with this rhyme, you might want to check out the following recipe at...
