

The Snowy Day Activity Card

Dear Families - One way that young children learn about stories is by talking about the order in which the events in a story occur. To play this game with your child, cut out the pictures below. Together, re-read *The Snowy Day* so you and your child can put the pictures in their proper order. When you are finished, put the pictures in an envelope marked *The Snowy Day*. That way, your child can use the pictures to tell the story of *The Snowy Day* again and again.

Peter made tracks with a stick.

Peter took a warm bath.

Peter watched a snowball fight.

Peter made an angel in the snow.

Peter slid down a hill.

Peter made footprints in the snow.
